LAKESWOOD, CO – Habitat for Humanity of Colorado (HFHC), the state support organization for the 25 affiliates serving 45 communities statewide, is proud to announce that Representative Dylan Roberts and Representative Mary Bradfield are the recipients of the organization’s Legislators of the Year Award. HFHC identified these two Colorado policymakers for their unwavering support and ongoing work to help ensure all Coloradans have access to homeownership opportunities. They both have fought for affordable homeownership through their public policy work during the 2022 legislative session and HFHC is honored to have them as champions of our work.

“Habitat for Humanity is grateful to the legislators that have recognized the housing crisis Colorado is currently facing and are working to find creative and practical solutions,” explains Karen Kallenberg, HFHC Executive Director. Both Representative Roberts and Representative Bradfield served as prime sponsors for HB22- 1304 that created two grant programs providing

funding to local governments and community partners to provide more Coloradans a safe, affordable home.

Representative Roberts served as chair of the Affordable Housing Transformation Task Force in 2021 and 2022. His leadership helped to craft and pass the largest single-year investment in affordable housing in Colorado's history. Habitat for Humanity of Colorado's Executive Director, Karen Kallenberg said, "Representative Roberts hard work and dedication this past year will forever change the landscape of affordable housing in Colorado."

In 2021, Representative Bradfield served as a prime sponsor of HB21-1134, a first-in-the-nation bill that establishes a statewide pilot program enabling tenant residents residing in properties whose landlords chose to participate in the pilot program facilitated by the Colorado Housing and Finance Authority (CHFA) to opt to have rent payments reported to consumer credit bureaus.

Through their legislative work, Representatives Roberts and Bradfield are committed to action to create more affordable housing opportunities. "Habitat for Humanity of Colorado is honored to recognize Representative Roberts and Representative Bradfield," says Karen Kallenberg. "They have championed affordable homeownership through their leadership, prioritization of resources and willingness to collaborate on solutions."
